

Peak Community Services Foundation, Inc.

The Peak Community Services Foundation was established in 2007 as a separate not-for-profit organization. It was established to support the mission of Peak Community Services, Inc.

The Foundation solicits, receives, administers, invests and disburses money and property to successfully realize that mission.

Peak Community Services, Inc.

In 1954 and 1955, two communities formed organizations to support children with developmental disabilities. Families in Cass County and Pulaski County worked separately but with the same hope for the future. The founders envisioned a world in which these children could dare to dream.

The two organizations eventually merged to form one agency. Today, Peak Community Services provides opportunities for independence for persons with developmental disabilities, at home, at work and in the community.

In 2007, concerned about the large numbers of individuals with developmental disabilities on waiting lists - waiting for funding for services to reach for independence - Peak Community Services developed and implemented this Foundation to provide the necessary funding in Cass and Pulaski Counties.

Application for Services

How It Works

1. Parents/Guardians and/or Applicants MUST complete and sign the application information to the best of their ability.
2. Applicants MUST provide proof of being on a waiting list for waiver services for persons with developmental disabilities.
3. Applicants MUST provide up to one 8.5 x 11 (handwritten or typed) page of information that explains the circumstances surrounding the need for support.
4. Applicants MUST identify which support services they are requesting.
5. If the above tasks are not completed, the applicant will be disqualified.

The Peak Community Services Foundation will provide funds for support services to men, women and children who are on a waiting list for waiver services.

Recipients must agree that once they come to the top of the list and are offered government funds, they will report this change in status to the Peak Community Services Foundation.

Assuming funds are available and services are still offered by Peak Community Services, the Foundation will maintain funding for each applicant chosen until government funding begins.
